INTEGRITY

PEARL OF THE SEA

New Integrity 520 SX Plus

Designed for the owner that would like the option of faster performance when needed, combined with low cost comfortable cruising the 520 SX Plus boasts huge interior volume, open plan layout perfect for entertaining, aft galley, two stateroom, two bathroom, full beam midship master the 520SX has it all!

This latest innovation to our range offers semi-displacement cruising, capable of max speeds of 22 knots and cruising around 16 knots. But remains true to the timeless lines have provided inspiration for the new Integrity SX range. Contemporary design elements have been incorporated to ensure our new range has a striking on water appearance.

Integrity Motor Yachts have travelled untold thousands of sea miles making the seakeeping abilities of our vessels without question. The class leading beam ensures stability in all conditions. The displacement hull, greater beam, full length keel and additional weight ensures stability while underway in the most trying conditions or when at rest.

Our hulls are laid up to survey standard along with vinylester tie layers for strength, durability and osmosis protection. FGI Gelcoat is used on the exterior of the hulls specifically formulated and applied to suit all conditions.

Bow and stern thrusters as standard offer finger-tip control ensuring simple and easy berthing in all conditions. Side and stern access from the swim platform means boarding is safe and simple, no leaps of faith required.

The wide swim platform is perfect for on water recreation. Featuring a sturdy boarding ladder and a retractable hot and cold freshwater shower. Stainless stern rails can be added to accommodate a BBQ, bait preparation boards, tenders and rod holders.

Best for family and travel the Integrity 520SX Plus
